Response to notification of missing parts, and assignment transmittal

Honorable Commissioner of Patents and Trademarks
Washington, D.C. 20231

Sir:

Responsive to notification of missing requirements under 35 U.S.C. 371, mailed to applicant on November 16, 2001, enclosed is an inventor's declaration in accordance with 37 CFR §1.63. Also enclosed is payment for \$65.00 to cover the surcharge in accordance with 37 CFR § 1.492(e).

Applicant points out the office erroneously demanded new drawings, as each and every one of the figures filed does have the proper "fig." With a consecutive Arabic numeral, as required by a 37 CFR §1.84(u)(1). However, applicant enlarged the indications of the figures to ease recognition of the different figures, and is hereby filing substitute drawings.

Further enclosed is an assignment of the above-identified application, with assignment recordation cover sheet, power of attorney, designations of domestic representative, and a recordation fee of \$40.00, under rule 1.21(h).

In order to ease the identification of the application by the office, applicant's agent added the application number and filing date to the inventor declaration and other documents. This addition occurred after the applicant signed the documents. No other details were modified.

The commissioner is requested and authorized to charge any additional fees due in the application, to my Deposit Account No. 501392.

Respectfully Submitted

Shalom Wertsberger
